WSP Provides Information on the Safe Transportation of Oversize Farm Implements

The Washington State Patrol in partnership with the Washington State Department of Transportation Commercial Vehicle Services has developed a new informational brochure regarding transporting of oversize farm implements. The brochure is titled, “Safe Transportation of Oversize Farm Implements.”

Farm implements are transported during harvest time each year from field to field. The brochure outlines some of the guidelines and legal requirements of these movements such as use of escort vehicles, signage, flagging, etc.

“The information provided in the brochures will help to facilitate the safe movement of oversize farm equipment along our roadways,” explained Captain Coral Estes of the WSP Commercial Vehicle Division.

The brochure is now available to the farming community at the following Web site and is published in Spanish and English:

English--

http://www.wsdot.wa.gov/commercialvehicle/pdf/150148_Farm_Implement_Brochure.pdf

Spanish--
